MAUD SMITH, Treasurer Library Trustees.

School Report.

The number of scholars registered in our schools for the year is eighty-six.

The number of children enumerated by the Truant Officer, between the ages of five and fifteen, eighty-eight.

Our schools the past year have been under the direction of faithful and experienced teachers and the scholars have shown a good degree of improvement.

In accordance with an act passed by the Legislature a flag and appliances have been purchased for the school house at Marshall's Corner. Globes have been put in the school rooms, which will aid the teachers and pupils in their work.

Again we urge fathers and mothers to visit the schools, that you may know for yourselves what work is being done. Too much emphasis cannot be placed on the advantages to the schools through these visits. How often complaints, generally of the most trivial nature, could be so easily explained and remedied, if the parents interested went directly to the teacher for her side of the story, instead of getting partial and exaggerated reports from the children. The parents should keep in touch with the school life of their children, and the teacher with the home life of their pupils.

We are sorry to note the number of cases of tardiness, which breaks in on the quiet of the schools and hope the evil will be remedied the coming year.
